

ITEX - The best kept secret in town!

**What do these businesses all have in common?
They have a unique barter exchange system. Instead of trading cash for products and services they exchange products and services through ITEX (International Trade Exchange)**

- Help cash flow
- Get new business
- Get referrals

How it works is simple.

- Open up an ITEX Account.
- When someone buys your products and services you deposit their ITEX Checks in your account.
- When you buy products and services from another ITEX member you give them an ITEX Check and the amount is deducted from your account.
- You are charged a small transaction fee each time a transaction is made.

ITEX helps you conserve your cash. ITEX can be used anywhere ITEX members exist
(All over the United States)

Here's how you join!

**Call 833-4839 and ask for your ITEX Application or
Fax this form to 833-3970**
